REMARKS

Claims 12-27 are currently pending in the application. A notice of non-compliant amendment indicated that each section should begin on a separate paper, and also that the proper status identifiers have not been used. In order to further prosecution of the current application, the applicant has placed each amendment on a separate paper, including the amendment of the abstract of the disclosure, and has supplied the status identifier "withdrawn" for claims 20-25. Favorable action is therefore solicited.

Respectfully submitted,
NOVAK DRUCE DELUCA & QUIGG, LLP
